KLIREE

An Innovative compact washing machine that wash and dry a garment in 5 minutes

The “microwave” of the washing machines

Instant laundry for :

Light travelers / Hotels / Airports / Millennial's / Gyms / Office complexes

Clean and Dry in 5 minutes!

Our unique, patented technology uses nozzles to inject water directly on the clothes instead of stirring clothes using an agitator:

Put in the machine

Wait 5 minutes

Ready to wear

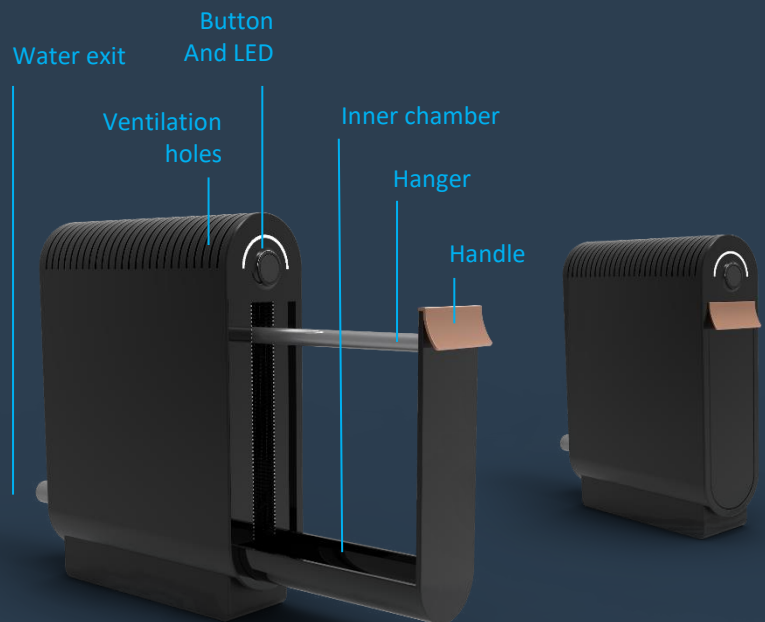

Market Size:

Washing machine market worldwide: **US\$58,177m** in 2020

Total addressable market (~5%): **US\$3,000m**

(Source: Statista)

Top milestones:

- Successful proof-of-concept with remarkable results, regarding laundry time, resources consumption (water, energy and detergents)
- Granted patent in eleven leading countries.
